March 24, 2025

To the Honorable Mayor, and Members of the City Council, and Citizens of the City of Edgewater

City Charter and State law requires that all general-purpose local governments publish a complete set of financial statements presented in conformity with the generally accepted accounting principles in the United States of America (GAAP) and that they be audited in accordance with generally accepted auditing standards in the United States of America by a firm of licensed certified public accountants. Pursuant to the requirement, it is with great pleasure that we present to the City of Edgewater, the Annual Comprehensive Financial Report (ACFR) for the fiscal year ended September 30th, 2024.

This report consists of management's representations concerning the finances of the City of Edgewater. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Edgewater has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Edgewater's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Edgewater's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

James Moore & Co., P.L. a firm of licensed certified public accountants, has issued an unmodified ("clean") opinion on the City of Edgewater's financial statements for the fiscal year ended September 30, 2024. The independent auditors' report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report. GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designated to complement the MD&A and should be read in conjunction with it.

Profile of the Government

The City of Edgewater was incorporated in 1951 and has operated under the Council-Manager form of government since 1981. Primary responsibilities of the City Manager are to implement the policies of the elected officials. The City Manager assumes responsibilities of the day-to-day operations of the City, annual budget preparation, appointing/removing officers and employees. In addition to supervising the daily operations, the City Manager works with elected officials, committees and citizens to plan for the future of the community.

The City of Edgewater is located in southeast Volusia County, primarily east of I-95 south of New Smyrna Beach, two miles west of the Atlantic Ocean and runs along 10.5 miles of the Indian River coastline. The City is within the economic zone of Central Florida, which roughly follows Interstate 4 from Tampa through Orlando to Daytona Beach and the communities along the Atlantic Coast in Volusia County. There are approximately 16,154 acres of land within the City with an estimated population of 24,981.

approximately 16,154 acres of land within the City with an estimated population of 24,981.

The City of Edgewater offers a full range of services to its citizens through multiple funds. The City uses funds to separate resources and assure that the City adheres to restrictions placed upon it by legislators, grantors, donors, and other outside parties (e.g. GASB, GAAP). The following is a list of services provided by each fund:

- General Fund provides planning and zoning, economic development, building (e.g. permits, inspections, etc), police, fire, fire rescue, animal control, parks, recreation, streets (new and maintained), code enforcement, and general administrative services.
- Water and Sewer Fund provides water and sewer services.
- **Solid Waste Fund** uses a combination of City personnel and assets along with private contracted companies to provide solid waste collection.
- Stormwater Fund provides and ensures proper water drainage from all properties.
- **Internal Service Funds** account for fleet management services, management information systems, general liability insurance, health insurance, workers compensation insurance, and public works complex.
- CRA Fund account for the ad valorem proceeds for the redevelopment of the City's US1 and Park Avenue Corridor.
- ARPA Economic Impact Fund account for American Rescue Plan grant funds.

Whenever possible the City seeks alternative sources of revenue to provide services, enhance services, and supplement the existing expenses in the budget. The most prominent example of alternative revenue is grants through the federal, state, and local levels.

Local Economy

Long established businesses such as Boston Whaler, Everglades Boats, Edgewater Power Boats, R.J. Dougherty Associates, Inc., Publix and Winn Dixie Supermarkets provide employment opportunities within the City. NASA and related supporting enterprises at Cape Canaveral as well as the cruise industry located at Port Canaveral provide further employment opportunities.

The County of Volusia currently has a 3.9 percent unemployment rate. During the last year, taxable assessment values of property in Edgewater increased 32.48 percent. The City continues exploring several options to increase economic growth within the City and improve economic development within southeast Volusia County. The Community Redevelopment Agency was created to encourage redevelopment along the City's US. 1 and Park Ave. corridor. The City continues to develop many partnerships between various economic development agencies and local businesses.

The City of Edgewater's outlook for fiscal year 2025 is for modest gains in economic growth. The City of Edgewater continues to apply for Federal and State grants to fund sewer, wetlands, public works complex, green infrastructure, stormwater, canals, and other hazard mitigation identified projects. Without these funds, these projects would not have been completed within the foreseeable future.

Financial Planning and Budgeting

The City continued to stress expenditure control in preparing the FY2025 General Fund budget. The City ad valorem millage rate for FY2025 was 6.33, which was 8.91% more than the rolled-back rate. The millage rate of 6.33 will result in an anticipated property tax collections increase of 14.98% due to an increase in property assessments and annexations.

The City adopts a five-year capital improvement plan that identifies future funding needs to maintain, repair and upgrade capital assets and infrastructure including road resurfacing, water line upgrades and vehicle and technology replacement programs within the funding constraints. It should be noted; however, that the CIP is not a fixed document but a flexible, evolutionary document that may change to reflect changing priorities, opportunities, costs, or different financing approaches.

Relevant Financial Policies

The City Council recognizes the need to meet seasonal shortfalls in cash flows, its susceptibility to emergency or unanticipated expenditures or the possibility of revenue shortfalls during any fiscal year. To address these issues, the City Council included in its Charter a requirement to maintain reserves at a minimum of 15 percent for all operating funds. The September 30, 2024 unassigned fund balance was approximately 45.92% which was higher than the range of 15%-25% per fund balance policy. The Management's Discussion and Analysis section of this report details funding carry forwards and other funding considerations that effect this number. The unassigned fund balance is reviewed annually and recommendations are made for mid-year budget amendment and carryforward of additional funds.

Budgeting Controls

The annual budget serves as the foundation for the City of Edgewater's financial planning and control. All departments of the City of Edgewater are required to submit requests for appropriation to the City Manager. The City Manager then uses these requests as the starting point for developing a proposed budget. The City Manager then presents this proposed budget to the City Council for review. The City Council is required to hold public hearings on the proposed budget and to adopt a final budget by no later than September 30, the close of the City of Edgewater's fiscal year. The appropriated budget is prepared by fund (i.e., General Fund), department (i.e., Fire Department) and division (i.e., Fire Operations). The City Manager may make transfers of appropriations within and between divisions and departments; however, any revisions that alter the total appropriations of any funds must be approved by City Council. Original and final amended budget-to-actual comparisons are provided in this report for each individual governmental fund.

Certificate of Achievement Award

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Edgewater for its annual comprehensive financial report for the fiscal year ended September 30, 2023. This was the fortieth consecutive year that the City of Edgewater has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility of another certificate.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated commitment of the entire Finance Department. The City departments, although not extensively involved in year-end audit activities, contributed significantly by ensuring the accuracy and integrity of the accounting information and statistics compiled throughout the year. Without their diligence, the work of the Finance Department would have been considerably more difficult. Appreciation must also be expressed to the City's external auditor whose suggestions and attention to detail enhanced the quality of this report.

In closing, special thanks to the Mayor and City Council for their support and commitment to maintaining the financial integrity and sustainability of the City.

Respectfully submitted,

Jeff Thurman

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor, City Council, and City Manager City of Edgewater, Florida:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Edgewater, Florida (the City), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General, CRA, and ARPA Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (GAS), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and GAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements as a whole. The combining and individual nonmajor fund financial statements, budgetary comparison schedules, and schedule of expenditures of federal awards as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, budgetary comparison schedules, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory section and statistical sections but does not include the financial statements and our auditors' report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 24, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

James Meore ; 6., P.L.

Daytona Beach, Florida March 24, 2025

Management's Discussion and Analysis

As management of the City of Edgewater, Florida we offer readers of the City of Edgewater's financial statements this narrative overview and analysis of the financial activities of the City of Edgewater for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

- Net Position The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of FY 2023-2024 by \$147,365,581, which represents an increase in Net Position of \$14,088,516 or 10.57% from the prior fiscal year.
- Governmental Activities Net Position increased by \$5,949,919. The Governmental Funds had a net increase of Net depreciable assets of \$2,539,993. The City had an increased Net Position Restricted for Capital Projects in the amount of \$1,137,705. The Community Development department expenditures were \$865,027 under budget. The Interest Revenue was \$615,699 over budget and Licenses and Permit revenue was \$476,066 over budget. The remainder of the increase in Net Position was largely from revenues collected to fund future expenditures, miscellaneous revenues greater than budget including impact fees, and departmental budget savings.
- Business Type Activities Net Position increased by \$8,138,597. Business Type activities had increase of \$3,257,489 in net investment in capital assets. Capital Projects balances increased by \$1,505,408. The unrestricted net position increased by \$3,350,750 these funds are used to fund items including Capital Improvements in future years. The City completes an Annual Rate study to determine the Capital needs. The remainder of the increase in Net Position was largely from revenues collected to fund future expenditures, capital projects, including revenues related to impact fees as well departmental budget savings.
- At the end of FY 2023-2024, the General Fund unassigned fund balance was \$13,662,849 or an estimated 38.6% of the budgeted FY 2025 General Fund expenditures. This represents an increase of \$1,266,626 from the prior fiscal year.
- During the fiscal year, the City's total debt decreased by \$1,408,255. Governmental debt increased by \$333,272 and business-type debt decreased by \$1,741,527.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Edgewater's (the City) basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Edgewater's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's assets and liabilities, with the difference between the two reported as Net Position. Over time, increases or decreases in Net Position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Edgewater that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Edgewater include general administration, public safety, public works, community redevelopment, and culture and recreation. The business-type activities of the City of Edgewater include water and sewer, solid waste, and stormwater management.

The government-wide financial statements include only the City of Edgewater itself (known as the *primary government*). The City of Edgewater has one component unit, the Edgewater Community Redevelopment Agency (CRA). The CRA is reported in a separate ACFR Annual Comprehensive Financial Report.

The government-wide financial statements can be found on pages 19-21 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Edgewater, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Edgewater can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Edgewater maintains twelve (12) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the community redevelopment agency (CRA), ARPA and the capital projects fund, all of which are considered to be

major funds. Data from the other eight (8) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City of Edgewater adopts an annual appropriated budget for all of its governmental funds. Budgetary comparison statements have been provided for the general fund and community redevelopment fund to demonstrate compliance with their budgets on pages 26-27. Budgetary comparison schedules have been provided for the non-major, debt service and capital projects funds at pages 96-103. The basic governmental fund financial statements can be found on pages 22-26 of this report.

Proprietary Funds - The City of Edgewater maintains two types of proprietary funds, enterprise funds and internal service funds. Enterprise funds are used to report functions presented as business-type activities in the government-wide financial statements. The City of Edgewater uses enterprise funds to account for water and sewer, solid waste collection and stormwater management. Internal service funds are used to account for management information systems, fleet servicing, property and casualty, health dental life, workers compensation insurances, and public works complex. Because the services of these funds predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for water and sewer, solid waste collection and stormwater management which are all considered to be major funds.

The basic proprietary fund financial statements can be found on pages 29-31 of this report.

Internal Service funds are used to account for the financing of centralized services to the City departments on a cost-reimbursement basis.

The basic internal services fund financial statements can be found on pages 105-107 of this report.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City of Edgewater's own programs. The accounting used for fiduciary funds is much like that used for the proprietary funds.

The basic fiduciary fund financial statements can be found on pages 109-110 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a more complete understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on pages 35-77 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in its obligation to provide pension and OPEB benefits to its employees which can be found on pages 78-91. The combining statements referred to earlier in connection with non-major governmental funds are presented

immediately following the notes to financial statements and required supplementary information. Combining and individual fund statements and schedules can be found on pages 94-103 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Edgewater, assets and deferred outflows exceed liabilities and deferred inflows by \$147,365,581 at the close of the most recent fiscal year. The following table reflects the condensed statement of net position for the current and prior years. For more detail see the Statement of Net Position on page 19.

	Government	al Activities	Business-Ty	pe Activities	Total Primary Government			
Assets:	2024	2023	2024	2023	2024	2023

At the end of the current fiscal year, the Governmental current and other assets increased \$3,928,773. The City funded \$3,000,0000 out of Special Revenue American Rescue Plan Act funds for a new Public Works Complex. This project did not have any expenditures funded out of Fiscal Year 2023-2024. Capital Assets increased by \$3,268,493; this resulted from the following. The Governmental Funds had a net increase of Net depreciable assets of \$2,539,993 and Non-depreciable assets increased by \$728,500.

Business Type Activities Net Position increased by \$8,138,597. Business Type activities had increase of \$3,257,489 in net investment in capital assets. Capital Projects balances increased by \$1,505,408. The unrestricted net position increased by \$3,350,750 these funds are used to fund items including Capital Improvements in future years. The City completes an Annual Rate study to determine the Capital needs. The remainder of the increase in Net Position was largely from

revenues collected to fund future expenditures, capital projects, including revenues related to impact fees as well departmental budget savings.

The City's net position reflects sixty-one percent (61%) investment in capital assets (e.g., land, buildings, improvements, infrastructure and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Edgewater's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Edgewater's net position 10% represents resources that are subject to external restrictions on how they may be used. The remaining balance of Net Position is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Edgewater is able to report positive balances in all categories of net position.

The government's net position increased \$14,088,516 in the current fiscal year. The government's unrestricted net position increased by \$8,037,334 in the current fiscal year. The City also had a \$6,192,710 increase in Net investment in Capital Assets. The City had a combined \$141,527 increase in Restricted Net Position. The following table reflects the condensed Statement of Activities for the current and prior years. For more detail see the Statement of Activities on page 20-21.

Statement of Activities

Governmental Activities - Governmental activities increased the City of Edgewater's net position by \$5,949,920. Key elements of this increase are as follows:

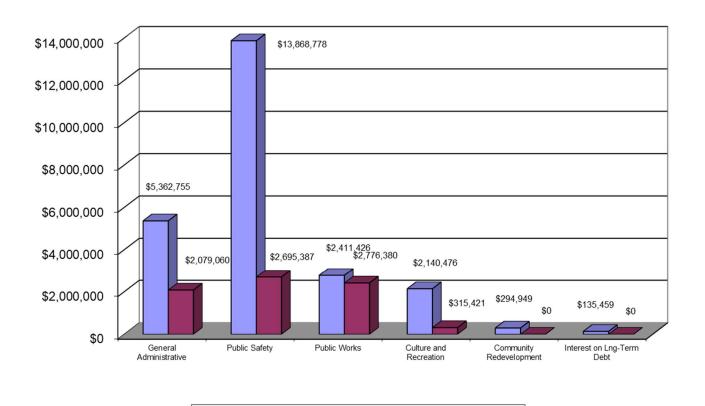

- The Governmental Funds had a net increase of Net depreciable assets of \$2,539,993.
- The City had an increased Net Position Restricted for Capital Projects in the amount of \$1,137,705.
- The Community Development department expenditures were \$865,027 under budget.
- The Interest Revenue was \$615,699 over budget and Licenses and Permit revenue was \$476,066 over budget.
- The remainder of the increase in net Position was largely from revenues collected to fund future expenditures including revenues related to impact fees, and departmental budget savings.

Business-Type Activities - Business-type activities increased the City of Edgewater's net position by \$8,138,597. Key elements of this increase are as follows:

- The Business Type activities charges for services increase \$1,757,676 from fiscal year 2023
 to fiscal year 2024. This contributed to the unrestricted net position increase of \$3,350,750;
 these funds are used to fund items including Capital Improvements in future years. The
 increase in Net Position needed to fund the future Capital Improvements are identified in the
 Annual Rate Study.
- Business Type activities had increase of \$3,257,489 in net investment in capital assets.
- Capital Projects balances increased by \$1,505,408.
- The Capital Grants and Contributions decreased by \$1,677,717. The Water/Sewer decreased by \$1,979,418 for American Rescue Plan water projects that funded in fiscal year 2023 and completed in fiscal year 2024. The Solid Waste fund was reimbursed for \$1,827,107 for expenses related to several hurricanes in fiscal year 2024 that were expenses in earlier fiscal years. The Storm Water fund received \$1,821,734 in fiscal year 2023 of revenue related to Hart Avenue Stormwater improvements that were completed in that year.
- The remainder of the increase in Net Position was largely from revenues collected to fund future expenditures, capital projects, including revenues related to impact fees as well departmental budget savings.

Financial Analysis of the Government's Funds

As noted earlier, the City of Edgewater uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

Governmental Funds - The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Edgewater's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Edgewater's governmental funds reported combined ending fund balances of \$31,727,282 an increase of \$296,853 in comparison with the prior year. Approximately 43% of this amount or \$13,662,849 constitutes unassigned fund balance, which is available for expenditures at the City's discretion. The City also has \$4,662,428 of fund balance committed to Capital Projects. The City has assigned fund balance for the Capital Projects of \$827,046, subsequent year's budget of \$4,278,823 and replacement of City Hall in the amount of \$489,133. Restricted fund balance of \$7,783,108 is for scholarships, public safety, debt service, building permits, community redevelopment, opioid settlements, tree mitigation, and capital projects. Non-spendable fund balance of \$23,895 is held for inventories and prepaids. The City has future infrastructure development costs of approximately \$2,300,000 related to various required improvements.

The General Fund is the chief operating fund of the City of Edgewater. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$13,662,849, while total fund balance was \$19,064,052. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 38.6% of the total General Fund 2025 budgeted expenditures, while total fund balance represents 53.9% of that same amount.

During the current fiscal year, the fund balance of the General Fund increased by \$1,266,626 was largely from increased Intergovernmental revenues of \$1,335,154 due to additional FDOT SunTrail grant revenues of \$698,360.38 and DHS Assistance to Firefighters grants of \$328,436.88. Property taxes of \$1,524,477 due to increased assessed property values and new construction growth. There was also a decrease of Capital Outlay expenditures of \$1,167,158. The remainder of the increase in fund balance was largely from revenues collected to fund future expenditures as well departmental budget savings.

The Capital Projects fund balance decreased by \$366,431. The City had several Projects in Fiscal Year 2024 including Sun Trail improvements, Road Resurfacing and other projects.

The ARPA American Rescue Plan fund balance decreased by \$2,474,736. The fund had transfer of \$3,000,000 to fund the Public Works Complex project. The ARPA fund also had \$403,332 interest earnings.

Fiscal Year 2024 is the ninth year of activity for the City's established Community Redevelopment Agency Fund (CRA). This agency is established for the purpose of making improvements to core downtown properties to enhance economic activity in the City. Revenues are being collected from the County and City. Future expenditures are budgeted primarily for land acquisitions or qualified community enhancements.

Proprietary Funds - The City of Edgewater's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted

net position of the proprietary funds (including enterprise and internal service funds) at the yearend amounted to \$24,951,578. The total increase in unrestricted net position for the Proprietary Funds was \$6,803,801.

The Water and Sewer Utility Fund unrestricted net position increased by \$810,031. The total net position increased by \$4,843,633. The Total net position increased from increases in Net Investment in Capital Assets of \$2,503,244, restricted for Capital Projects of \$1,505,408 and restricted for Debt Service of \$24,950.

Solid Waste Utility Fund the total net position increased by \$2,973,766. This change was from an increase in unrestricted net position of \$2,056,427 and an increase net investment in capital assets of \$917,339.

Stormwater Utility Fund the total net position increased by \$321,198. This change was from a decrease in net investment in capital assets of \$163,094 and an increase in unrestricted net position of \$484,292.

Other factors concerning the finances of the enterprise funds have already been addressed in the discussion of the City of Edgewater's business-type activities.

General Fund Budgetary Highlights

The final revenue budget was increased from the original budget by \$3,099,693. Actual revenues were \$1,424,202 higher than budget due mainly to the following, increased Utility and franchise taxes of \$867,012, Licenses and permits of \$476,066, and Investment earnings \$615,699 which is mostly related to conservative budget estimates for Fiscal Year 2024. Fiscal Year 2024 had increased Utility rates along with new utility customers which increased the actual utility and franchise taxes amounts. The City also had a larger than budgeted amount of building permit revenue during Fiscal Year 2024. Fiscal Year 2024 also had higher than estimated interest rates which increased interest earnings.

Actual expenditures were \$2,541,115 less than budgeted expenditures mostly due to project and purchase orders that were not complete being carried forward into the Fiscal Year 2025 budgeted projects. The City also had some savings from position vacancies in the Community development department and general administrative services.

The final expenditure budget was increased from the original budget by \$5,015,537. This was due largely to increase in the Capital Outlay budget of \$1,910,500. The Capital Outlay increase was mainly related to a Fire Engine purchase of \$950,000. The other increases were related to roll forward purchase orders from the prior year and approved budget amendments.

Capital Asset and Debt Administration

Capital Assets - The City of Edgewater's investment in capital assets for its governmental and business-type activities as of September 30, 2024, amounts to \$105,767,701 net of accumulated depreciation. This investment in capital assets includes land, buildings, improvements, machinery and equipment, infrastructure, and Construction in Process. The total increase in the City's investment in capital assets for the 2024 fiscal year was 4.74%.

Additional information on the City of Edgewater's capital assets can be found in the notes to the financial statements on pages 51-52 of this report.

Long-Term Debt

At the end of the current fiscal year, the City of Edgewater had total debt outstanding of \$15,345,275. This debt includes notes payable, state revolving loans, and leases. The City is current on all required debt service obligations.

City of Edgewater's Outstanding Debt (in whole dollars)

_	Government	al Ac	tivities	Business-Ty	pe A	Activities	Total Primary Government				
	2024		2023	2024	2023			2024		2023

			_			_					

During the current fiscal year, the City's total debt decreased by \$1,408,255 which was an 8.41% reduction. Additional information on the City of Edgewater's long-term debt can be found in the notes to the financial statements on pages 54-61 of this report.

Reserve Policy

In November 2016, voter's approved a charter amendment requiring the City to maintain reserves at a minimum of 15 percent of all operating funds (General, Water & Sewer, Solid Waste and Stormwater). The policy addresses that the City is required to maintain reserves at a minimum of 15 percent. The reserve minimum is established based on a percentage of current years' budget. Reserve levels above the minimum of the range are deemed to be available for capital or other lawful purposes.

The minimum Reserve amount per Charter is currently set at \$3,777,921 (15%) of the FY2024 – 2025 General Fund Budget. The amount available for capital or other lawful purposes less any reserves or set asides is \$9,884,928 unassigned less reserves at September 30, 2024.

The City also had an additional budget amendment in Fiscal year 2024-2025 increasing the use of reserve for subsequent year's Budget by another \$440,620. The City has future infrastructure development costs of approximately \$2,300,000.00 related to various required improvements.

Next Year's Budget and Rates

The City Council adopted a conservative budget for Fiscal Year 2025. The proposed budget contains many ambitious work plan objectives that are intended to address the highest priorities in the community and the goals of the City Council. This budget also sets the financial foundation to establish an accurate and understandable assessment and tracking of the uses and sources of all funds. The 2025 budget presents a number of opportunities and challenges to improve overall service to the community.

Requests for Information

This financial report is designed to provide a general overview of the City of Edgewater's finances for those with an interest in the government's finances. Questions concerning any of the information should be addressed to the office of the Finance Director, City of Edgewater, P.O. Box 100, Edgewater, Florida 32132-0100.

Reconciliation of the Balance Sheet of Governmental Funds To the Statement of Net Position September 30, 2024

Total governmental	funds fu	nd balance
--------------------	----------	------------

\$ 31,727,282

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds - total less accumulated depreciation.

Land and land rights	27,622,015	
Buildings and improvements	36,288,836	
Infrastructure	61,563,602	
Furniture and equipment	10,123,616	
Construction in progress	1,744,840	
Right to use asset	948,201	
Accumulated depreciation	(86,448,523)	51,

Internal service funds are used by management to charge the costs of fleet, management information systems and insurance activities to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

9,110,660

,842,587

On the governmental fund statements, a net pension liability/asset is not recorded until an amount is due and payable and the pension plan's fiduciary net position is not sufficient for payment of those benefits (no such liability exists at the end of the current fiscal year). On the Statement of Net Position, the City's net pension liability/asset of the defined benefit pension plans is reported as a noncurrent liability. Additionally, deferred outflows and deferred inflows related to pensions are also reported.

Net pension liability	(7,149,386)	
Net pension asset	131,201	
Deferred outflows related to pensions	5,769,492	
Deferred inflows related to pensions	(177,472)	(1,426,165)

On the governmental fund statements, an OPEB liability is not recorded unless an amount is due and payable (no such liability exists at the end of the current fiscal year). On the Statement of Net Position, the City's OPEB liability is reported as a noncurrent liability. Additionally, deferred outflows and deferred inflows related to OPEB are also reported.

Total OPEB liability	(4,507,736)			
Deferred outflows related to OPEB	2,919,541			
Deferred inflows related to OPEB	(2,711,936)	(4,300,131)		

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

Compensated absences	(1,463,864)	
Long-term debt	(5,079,754)	(6,543,618)

Accrued interest payable on long-term debt that is not recognized on the fund statements.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds To the Statement of Activities For the Fiscal Year Ended September 30, 2024

Net change in fund balances - total governmental funds

\$ 296,853

Amounts recorded for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Expenditure for capital assets	4,560,157	
Current year depreciation	(2,069,989)	2,490,168

The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, donations, CIP project abandoned) is to increase net position.

(80,076)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Changes in compensated absences

(166,394)

The net revenue of certain activities of internal service funds is reported with governmental activities.

3,515,388

Governmental funds report contributions to defined benefit pension/ OPEB plans as expenditures. However, in the Statement of Activities, the amount contributed to defined benefit pension/OPEB plans decreases (increases) the future net pension/OPEB liability (asset). Also included in pension/OPEB expense in the Statement of Activities are deferred inflow and deferred outflow amounts required to be amortized.

Cha	nge in net pension liability/asset and deferred inflows/outflows related to pensions	
Cha	nge in Total OPEB liability and deferred inflows/outflows related to OPEB	

(179,797) (449,055)

The issuance of long-term debt (i.e., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and deferred amount on refunding when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.

Principal payments 522,832

522,832

Change in net position of governmental activities

(1) **Summary of Significant Accounting Policies:**

The accompanying financial statements present the financial position, changes in financial position and cash flows of the applicable fund types governed by the City Council of the City of Edgewater, Florida ("the City") and have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the City's accounting policies are described below.

(a) **Reporting entity**—The City of Edgewater was originally incorporated under general law on October 20, 1924. The City became the City of Edgewater and incorporated in 1951 as a political subdivision of the State of Florida and a municipal corporation with a five-member Council, including a Mayor and Vice-Mayor. The registered voters of the City of Edgewater elect the Mayor and Council. The Council appoints the City Manager, who in turn performs as the administrator of the everyday operations of the City. The City provides a full range of municipal services as directed by the City Charter including general government, public safety, public improvements, planning and zoning, water and sewer service, solid waste collection, a recycling program, a stormwater management utility program, and related general and administrative services to 24,981 residents.

In evaluating how to define the government, for financial reporting purposes, the City has considered all potential component units. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organizations' resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. In applying the above criteria, management has determined there is one component unit to be included within the reporting entity.

The City of Edgewater, Florida, Edgewater Community Redevelopment Agency (CRA) was created by Ordinance No. 2015-O-04 to account for the receipt and expenditure of property tax revenues from the tax increment financing district to support City redevelopment in the designated community redevelopment area. The CRA's focus is mitigation or correction of infrastructure and utilities deficiencies, revitalization of the Ridgewood Avenue (US-1) corridor, various transportation and urban design improvements, and pedestrian safety issues. Although legally separate the City Council declared itself to be the CRA Board, and provided for the appointment of two additional members. Since the City is financially accountable for the activities of the CRA, its governing board is the same, and its relationship to the City is significant, its financial activities are reported on a blended basis as if it were part of the primary government as a major special revenue fund. Activity began in the CRA Fund during the fiscal year ended September 30, 2016.

(1) **Summary of Significant Accounting Policies:** (Continued)

(b) Government-wide and Fund Financial Statements—The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. For the most part the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Certain indirect expenses are included in the program expense reported for individual functions and segments. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

(c) Measurement Focus, Basis of Accounting, and Financial Statement Presentation—The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Grant funds received prior to the incurrence of eligible expenditures are reported as deferred revenues in the fund financial statements and are included in accounts payable and other current liabilities on the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. When grant terms provide that an expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded when payment is due.

Property taxes, franchise taxes, certain other tax revenues, intergovernmental revenues, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the City receives cash.

(1) **Summary of Significant Accounting Policies:** (Continued)

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Capital Projects Fund* is used to account for the financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds).

The *Community Redevelopment Agency (CRA) Fund* is used to account for the receipt and expenditure of property tax revenues from the tax increment financing district to support City redevelopment in the designated community redevelopment area.

The American Rescue Plan Act (ARPA) Economic Impact Fund is used to account for the receipt and expenditure of ARPA funding to support the City's recover from the COVID-19 pandemic.

The City reports the following major proprietary funds:

The *Water and Sewer Utility Fund* is used to account for the activities of the City's water and wastewater systems, which are financed similar to private business enterprises, where the costs, including depreciation, of providing services to the general public on an ongoing basis are financed through user charges.

The **Solid Waste Utility Fund** accounts for the activities of the City's solid waste collection and recycling services.

The *Stormwater Management Utility Fund* accounts for the activities of the City's stormwater management, conservation, protection, control, use and enhancement of stormwater.

Additionally, the City reports the following fund types:

The *Special Revenue Funds* account for specific revenue resources that are restricted by law or administrative action to expenditures for specific purposes.

The *Pension Trust Funds* account for the activities of the Police Officers Pension Fund, the Firefighters Pension Fund and the General Employees' Pension Fund, which accumulate resources for pension benefit payments to qualified employees.

The *Internal Services Funds* account for fleet management services, management information systems, general liability insurance, health insurance, workers' compensation insurance and the public works complex.

As a rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to the rule are payments-in-lieu of taxes and other charges between the government's water, sewer, and stormwater functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

(1) Summary of Significant Accounting Policies: (Continued)

Amounts reported as *program revenues include* 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internal, dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer Utility Fund, the Solid Waste Utility Fund, and the Stormwater Management Utility Fund are charges to customers for sales and services. The Water and Sewer Utility fund also recognizes as operating revenue the portion of impact fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make use of estimates that affect reported amounts in the basic financial statements. Actual results could differ from estimates.

(d) **Deposits and investments**—The City's cash consists of cash on hand, demand deposits, and equity in pooled cash. The equity in pooled cash represents a fund's share of a cash pool maintained by the City for the use of all funds except the pension trust funds and funds that require separate bank accounts. For the statement of cash flows, the City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Florida Statutes and/or the City's investment policy authorize the City to invest in the Local Government Surplus Funds Trust Fund Investment Pool, United States Government Securities, United States Government Agencies, Federal Instrumentalities, Interest Bearing Time Deposit or Saving Accounts, Repurchase Agreements, Commercial Paper, High Grade Corporate Notes, Bankers' Acceptances, State and/or Local Government Taxable and/or Tax-Exempt Debt, Registered Investment Companies (Money Market Mutual Funds), and Intergovernmental Investment Pools.

Florida Statutes and/or the pension plans' investment policies allow the City's retirement plans' trustees to invest in time deposits, savings and money market deposit accounts of a national bank, a state bank insured by the Bank Insurance Fund, a savings/building and loan association insured by the Savings Association Insurance Fund, a state or federal chartered credit union whose share accounts are insured by the National Credit Union Share Insurance Fund; obligations issued by the United States Government or obligations guaranteed as to principal and interest by the United States

(1) **Summary of Significant Accounting Policies:** (Continued)

Government or by an agency of the United States Government; stocks, bonds or other evidences of indebtedness issued or guaranteed by a corporation organized under the laws of the United States or the District of Columbia; foreign stocks, bonds or other evidences of indebtedness; and real estate investments made through participation in diversified commingled funds of real properties.

Investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application (generally based on quoted market prices). Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. FLCLASS securities are valued at the amortized cost of investments, which approximates fair value. Real estate assets are reported at fair value utilizing an income approach to valuation. Changes in the fair value during the year are included in investment income. The Local Governmental Surplus Funds Trust Fund (LGSF) is governed by Chapter 19-7 of the Florida Administrative Code which identifies the Rules of the State Board of Administration (SBA). These rules provide guidance and establish the general operating procedures for the administration of the LGSF. The LGSF is not a registrant with the Securities and Exchange Commission. The LGSF Pool's investments are recorded at amortized cost. The fair value of the City's position in the pool is the same as the value of the pool shares.

(e) **Receivables and payables**—Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/due from other funds" (i.e., the current portion of inter-fund loans) or "advances to/from other funds" (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as "due to/due from other funds." Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Accounts receivable balances are shown net of the allowance for uncollectibles. The allowances are determined based on management estimates of uncollectible amounts.

Advances between funds, as reported in the fund financial statements, are offset by nonspendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

- (f) **Inventories and prepaid items**—Inventories are valued at cost, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased. Payments made to vendors for services that will benefit periods beyond the current fiscal year are recorded as prepaid items. Costs are recorded as expenditures when consumed rather than when purchased.
- (g) Restricted assets—Certain proceeds of revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet and statement of net position and their use is limited by applicable bond covenants. Restricted cash and investments in the enterprise funds represent debt issuance proceeds that are restricted assets for purchase of assets, construction and repayment of bonded debt respectively. In the enterprise fund statement of net position, bond issuance proceeds as well as other assets are set aside for their repayment and itemized in the restricted cash and investments.

(1) **Summary of Significant Accounting Policies:** (Continued)

(h) Capital assets—In the Government Wide and Proprietary Fund financial statements, capital assets purchased or acquired are carried at historical cost or estimated historical cost. Contributed assets are recorded at acquisition value as of the date received. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. The City defines capital assets as assets with an initial, individual cost of more than \$25,000 for infrastructure and building assets and more than \$5,000 for all other capital assets, as well as an estimated useful life in excess of one year. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

The City has implemented the provisions of GASB Statement No. 34. In this process, infrastructure assets are being accounted for using different methods. For governmental activities, the cost or estimated cost of roads and sidewalks are presented. The City compiled this information and recorded all roads and sidewalks acquired after June 30, 1980, during the fiscal year ending September 30, 2007. For business type activities, infrastructure assets have been capitalized at cost. Water and sewer utility improvements are being depreciated over their useful lives. The City has recorded all drainage infrastructure acquired including pre-GASB 34 assets.

Major outlays for capital assets and improvements are capitalized as projects are constructed. In Governmental funds capital outlay (capital assets) are reported as expenditures and no depreciation expense is reported.

Buildings and improvements, improvements other than buildings, and machinery and equipment (including assets amortized under lease purchase contracts) are amortized using the straight-line method over the following estimated useful lives:

Assets	Years
Infrastructure	20 – 30 Years
Buildings and improvements	10-50 Years
Improvements other than buildings	5-65 Years
Machinery and equipment	3-35 Years

(i) **Deferred outflows of resources**—In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

The City has two items that qualify for reporting as deferred outflows of resources, reported in both the government-wide statement of financial position and the proprietary funds statement of financial position. The items are the deferred outflows related to pensions and other post-employment benefits (OPEB) which are calculated in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions, and GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. The deferred outflows related to pensions and OPEB will be recognized as either pension/OPEB expense or a reduction in the net pension/total OPEB liability, respectively, in future reporting years. Details on the composition of deferred outflows related to pensions and OPEB are reported in subsequent notes.

(1) **Summary of Significant Accounting Policies:** (Continued)

- (j) **Compensated absences**—The City records the vested portion of accumulated unused compensated absences at year-end based on each employee's unused hours and rate of pay, including the City's share of Social Security and Medicare taxes and pension costs. All compensated absences are accrued when earned in the government-wide and proprietary fund financial statements as accrued liabilities. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The liability for compensated absences in the proprietary fund types is liquidated in the proprietary fund in which the liability originally incurred.
- (k) **Long-term obligations**—In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expenses when paid.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuances costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The compensated absences, net pension liabilities, and OPEB liabilities are liquidated by the reporting units of the underlying employees, including the general fund, governmental funds, and all proprietary funds where the respective liability is reported.

(1) **Deferred inflows of resources**—In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Currently, the City has three items that qualify for reporting as deferred inflows of resources, in both the government-wide statement of financial position and the proprietary funds statement of financial position. The first two items are the deferred inflows related to pensions and other post-employment benefits (OPEB), which are calculated in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions and GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. The deferred inflows related to pensions and OPEB will be recognized as a component of expense in future reporting years. The third item is deferred inflows related to leases, which is calculated under GASB Statement No. 87, Leases. Lease-related amounts are recognized at the inception of leases in which the City is the lessor. The deferred inflow of resources is recorded in an amount equal to the corresponding lease receivable plus certain additional amounts received from the lessee at or before the commencement of the lease term that relate to future periods, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term. The inflow of resources is recognized in a systematic and rational manner over the term of the lease. Details on the composition of deferred inflows related to pensions, OPEB, and leases are reported in subsequent notes.

(1) **Summary of Significant Accounting Policies:** (Continued)

(m) **Fund balance**—In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The following classifications describe the relative strength of the spending constraints:

Nonspendable fund balance – amounts that are not in spendable form (such as prepaid expenses and advances due from other funds) or are required to be maintained intact.

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions or by enabling legislation.

Committed fund balance – amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority (City Council). To be reported as committed, amounts cannot be used for any other purpose unless the City takes the same highest level action to remove or change the constraint. City Council establishes (and modifies or rescinds) fund balance commitments by passage of a resolution.

Assigned fund balance – amounts the City intends to use for a specific purpose. Intent can be expressed by the City Council or as delegated to the City Manager. The City Council has by resolution authorized City management to assign fund balance. The City Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned fund balance – amounts that are available for any purpose. Positive amounts are reported only in the general fund or the fund balance for any special revenue, debt service, or capital projects fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

Disbursements of fund balances will first be made from restricted amounts when both restricted and unrestricted fund balance is available. Additionally, the City will first use committed fund balance, followed by assigned fund balance, and then unassigned fund balance when expenditures are incurred for purposes which amounts in any of the unrestricted fund balance classifications could be used.

- (n) **Net position flow assumption**—In order to determine amounts reported as restricted and unrestricted net position, it is the City's policy to consider restricted net position to have been used before unrestricted net position is applied.
- (o) **Pensions**—For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's defined benefit retirement plans, as described in Note 11(c), and additions to / deductions from the pension plans' fiduciary net position have been determined on the same basis as they are reported by the pension plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

(1) Summary of Significant Accounting Policies: (Continued)

(p) Leases— The City is both a lessee and a lessor in various lease agreements.

Lessee: The City currently leases office equipment and buildings and determines if an arrangement is a lease at inception. The City recognizes intangible right-to-use (RTU) assets and corresponding lease liabilities for all leases that are not considered short-term. RTU assets represent the City's right to use an underlying asset for the lease term and lease liabilities represent the City's obligation to make lease payments arising from the lease. RTU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term.

Basis of lease classification – Leases that meet the following requirements will not be considered short term: (1) the maximum possible lease term(s) is non-cancelable by both lessee and lessor, and is more than 12 months, and (2) the present value of lease payments for the lease is less than \$5,000.

Discount Rate – Unless explicitly stated in the lease agreement, known by the City, or the City is able to determine the rate implicit within the lease, the discount rate used to calculate lease right-to-use assets and liabilities will be the City's incremental borrowing rate (IBR), which will be the rate utilized for the subsequent fiscal year. The City's IBR was calculated at 2.530% at September 30, 2023, and was the discount rate utilized for applicable leases beginning during the fiscal year and for applicable lease conversions.

The City's lessee agreements do not contain any material residual value guarantees or material restrictive covenants.

Lessor: The City is the lessor of buildings and of cell towers and determines if an arrangement is a lease at inception. The City recognizes lease receivables and corresponding deferred inflows for all leases that are not considered short-term. Lease receivables represent the City's right to receive lease payments arising from the lease. Deferred inflows represent resources recorded in an amount equal to the corresponding lease receivable plus certain additional amounts received from the lessee at or before the commencement of the lease term that relate to future periods. Subsequently, the lease receivable is reduced by the principal portion of lease payments received, and deferred inflow of resources are recognized as revenue over the life of the lease term.

Basis of lease classification – Leases that meet the following requirements will not be considered short term: (1) the maximum possible lease term(s) is non-cancelable by both lessee and lessor, and is more than 12 months, and (2) the present value of lease payments for the lease is less than \$5,000.

Discount Rate – Unless explicitly stated in the lease agreement, known by the City, or the City is able to determine the rate implicit within the lease, the discount rate used to calculate lease receivable will be the City's incremental borrowing rate (IBR), which will be the rate utilized for the subsequent fiscal year. The City's IBR was calculated at 2.530% at September 30, 2023, and was the discount rate utilized for applicable leases beginning during the fiscal year and for applicable lease conversions.

The City's lessor agreements do not contain any material residual value guarantees or material restrictive covenants.

(2) Reconciliation of Government-wide and Fund Financial Statements:

- (a) Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position—The governmental fund balance sheet includes reconciliation between fund balance total governmental funds and net position governmental activities as reported in the government-wide statement of net position.
- (b) Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities—The governmental fund statement of revenues, expenditures, and changes in fund balance includes reconciliation between net change in fund balance total governmental funds and change in net position of governmental activities as reported in the government-wide statement of activities.

(3) Stewardship, Compliance and Accountability:

(a) **Budgetary information**—The annual operating budgets are adopted by City Council using the following procedures:

Annual budgets are adopted for all funds of the City except for the Pension Trust funds that are effectively controlled through governing agreements and related City ordinances. The annual operating budgets are prepared on a basis consistent with accounting principles generally accepted in the United States of America. Annual budget appropriations lapse at the end of each fiscal year, except for unexpended appropriations on open grant programs and capital projects, which are carried forward in subsequent annual budgets.

Encumbrance accounting is employed in governmental funds. Encumbrances represent open purchase orders and other commitments for goods/services that are not yet received and are recorded to reserve that portion of the applicable appropriation. Encumbrances are recognized as expenditures in the period in which the actual goods/services are received and a liability is incurred. Encumbrances outstanding at year-end are canceled and re-appropriated in the succeeding year's budget; such amounts, if material, are disclosed in the notes as commitments.

Prior to the first day of August of each year, the City Manager prepares a recommended budget for the next succeeding fiscal year and submits it to the City Council. The recommended budget includes proposed expenditures and the source of receipts to finance them.

City Council holds a series of budget workshops in addition to a minimum of two public hearings on the proposed budget and adopts the official annual budget of the City, by ordinance, prior to September 30.

The budget, as adopted, may only be amended through formal approval by City Council. Budgetary integration is established in the accounting records for control purposes at the object of expenditure level; however, the City Charter establishes the level at which expenditures may not legally exceed budget at the fund level. Therefore, the City Manager may transfer budgeted amounts within and between departments of the City without formal approval by City Council.

(3) Stewardship, Compliance and Accountability: (Continued)

(b) Ad valorem property taxes—Under Florida law, the assessment of all properties and the collections of all county, municipal, and school board property taxes are consolidated in the offices of the County Property Appraiser and the County Tax Collector. Florida Statutes regulating tax assessment are also designed to assure a consistent property valuation method statewide. State Statutes permit cities to levy property taxes at a rate of up to ten (10) mills. For the fiscal year ended September 30, 2024, the millage rate in effect was 6.33. Additionally, the Edgewater I&S 2005 voted debt millage was .0238 and the Edgewater Parks voted millage rate was .1454 for a total millage of 6.330.

The tax levy of the City is established by the City Council prior to October 1 of each year and the Volusia County Property Appraiser incorporates the millage into the total tax levy, which includes the municipalities, independent districts and the County School Board tax requirements.

Property taxes are levied in November and attached as a lien on property as of January 1 of each year. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% for payments received in the month of November, 3% for payments received in the month of December, 2% for payments received in the month of January and 1% for payments received in the month of February. The taxes paid in March are not subject to discount. Tax certificates on all property for which taxes are delinquent are sold on or about June 1 of each year.

- (c) Connection fees and impact fees—Water and sewer connection fees represent reimbursement of the costs incurred to perform the connection of the respective utilities. These fees are recorded as non-operating revenue at the time of service. Impact fees, which are not considered connection fees since they substantially exceed the cost of connection, are recorded as non-operating revenue in the period earned in the appropriate Enterprise Fund.
- (d) **Reserve policy**—The City Council has approved a reserve policy, which was adopted within the City Charter. The policy addresses that the City is required to maintain reserves at a minimum of 15 percent for all operating funds. The reserve minimum is established based on a percentage of current years' original budgeted operating expenditures and transfers out. Reserve levels above the minimum are deemed to be available for capital or other lawful purposes.

(4) **Deposits and Investments:**

(a) **Deposits**—At September 30, 2024, the carrying amount of the City's bank deposits was \$15,880,720. The bank balances at September 30, 2024, were \$15,805,185, all of which was held by a bank that qualifies as a public depository, as required by Chapter 280 of the Florida Statutes. All of the deposits were covered by the FDIC or collateralized in accordance with the "Florida Security for Public Deposits Act". Under the Act, every qualified public depository shall deposit with the Treasurer eligible collateral having a fair value equal to 50% of the average daily balance for each month that all public deposits are in excess of any applicable deposit insurance. If the public deposits exceed the total amount of the regulatory capital accounts of a bank or the regulatory net worth of a savings association, the required collateral shall have a fair value equal to 125% of the deposits. Of the bank balance, no amount was uninsured and uncollateralized in banks or savings and loans not qualifying under the Act at September 30, 2024.

(4) **Deposits and Investments:** (Continued)

(b) **Investments**—The City Council formally adopted a comprehensive investment policy pursuant to Section 218.415, Florida Statutes that established permitted investments, asset allocation limits and issuer limits, credit ratings requirements and maturity limits to protect the City's cash and investment assets. The City maintains a cash and investment pool for the use of all funds except the pension trust funds and funds that require separate bank accounts. The City's investment policy allows for the following investments: Local Government Surplus Funds Trusts (SBA), SEC registered money market funds, interest-bearing time deposits or savings accounts, direct obligations of the U.S. Treasury, Federal agencies and instrumentalities, Securities of, or other interests in, any open-end or closed-end management-type investment company or investment trust registered under the Investment Company Act of 1940, Intergovernmental Investment Pools (FLCLASS and FLSTAR), and Other investments authorized by ordinance.

The City invests in the Local Government Investment Pool (State Pool). The State Pool is administered by the Florida Prime Investment Pool, who provides regulatory oversight. Florida Prime Investment Pool (Florida PRIME) is similar to money market funds in which units are owned in the fund rather than the underlying investments. The City also invests in the Florida Short Term Asset Reserve (FLSTAR) and the Florida Cooperative Liquid Assets Securities System (FLCLASS). These investments are reported at amortized cost and meet the requirements of GASB Statement No. 31, as amended by GASB Statement No. 79, Certain External Investment Pools and Pool Participants, which establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. There is no limitation or restrictions on withdrawals from Florida PRIME, FLSTAR, or FLCLASS; although in the occurrence of an event that has a material impact on liquidity or operations of the trust fund, the funds' executive director may limit contributions to or withdrawals from the trust fund for a period of 48 hours.

Investments of the defined benefit pension plans consist principally of debt and equity mutual funds, all of which are authorized by the plans.

The City measures and records its investments, assets whose use is limited, and restricted assets using fair value measurement guidelines established by GASB. The City has not changed valuation techniques since the prior year. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

As of September 30, 2024, the City had the following investments, effective duration presented in terms of years, and fair value hierarchy level:

•	,						Investment Maturities (in Years)								
Investment Type		Fair Value		Less Than 1		1-5 6-10		More Than 10		Credit Rating	Fair Value Hierarchy Level				
Government-wide:															
Investments subject to rate risk:															
FL PRIME	\$	35,263,665	\$	35,263,665	\$	-	\$	\$	-	AAAm	N/A				
FL STAR		16,462,442		16,462,442		-			-	AAAm	N/A				
FLCLASS		579,665		579,665		-			-	AAAm	N/A				
Total government-wide	_		_		_			_							
investments	\$	52,305,772	\$	52,305,772	\$		\$	\$							

(4) **Deposits and Investments:** (Continued)

			Investment Maturities (in Years)							_

Total City investments	\$	107,798,542										

^{* –} The Standard and Poor's credit rating is A- and Moody's credit rating ranges from A2 to AA2 for the municipal obligations bonds.

The following is a description of the valuation techniques used for assets measured at fair value:

US treasury notes, GNMA, and Municipal obligations—Valued based on a matrix pricing model.

Corporate Bonds—Valued based on a matrix pricing model.

Corporate Equities and Mutual Funds—Valued at fair value based on quoted market prices at year end.

Money Market Funds—Valued at the underlying fund balance.

Units in the American Core Realty Fund (the Core Fund) are offered and sold by means of a private placement offering conducted in compliance with Rule 506 of Regulation D under the Securities Act of 1933, as amended. The Core Fund is an open-end diversified core commingled real estate fund that invests in private real estate and is structured as a Delaware limited partnership. As a result, the City of Edgewater Police Officers' and General Employees' Retirement Plans own units in the Core Fund, and the Core Fund holds no securities on behalf of the Retirement Plan's account in the Core Fund. As of September 30, 2024, the Retirement Plans held 9.9424 and 8.9570 units for the Police Officers' and General Employee's Retirement Plans, respectively. The net asset value on that date was \$1,189,429 and \$1,071,537 for the Police Officers' and General Employee's Retirement Plans, respectively. Units are purchased and redeemed through periodic transactions and the value of the units purchased or sold in such transactions is based on the unit value applicable to the valuation date at which each individual transaction occurred.

^{** -} The Standard and Poor's credit rating ranges from BB to AAA and Moody's credit rating ranges from BAA3 to AAA for the corporate bonds.

(4) **Deposits and Investments:** (Continued)

Requests for redemptions of units in the American Core Realty Fund may be made at any time, with 10 business day's notification by submitting a Redemption Notice form signed by a representative of the City of Edgewater Police Officers' and General Employees' Retirement Plans and are effective at the end of the calendar quarter in which the request is received by American Realty Advisors (ARA). The units that are subject to a redemption notice may be redeemed in full or in installments on a pro-rata basis as funds become available for such purpose and the redemption price will be the value per unit based on ARA's estimate of the fair value of the Core Fund's net assets as computed under generally accepted accounting principles at such time that each payment is made. Although ARA is required to use reasonable efforts to cause the Core Fund to pay the redemption price as soon as practicable after the effective date of the request, redemptions are subject to the availability of cash flow arising from investment transactions, sales and other fund operations occurring in the normal course of business. ARA is not required to liquidate or encumber assets or defer investments in order to satisfy redemption requests.

As of September 30, 2024, there were no unfunded commitments.

Interest rate risk—The City's investment policy does not specifically address interest rate risk; however, the general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and in general, avoid speculative investments. The City manages its exposure to declines in fair values by investing primarily in pooled investments that have a weighted average maturity of one year or less, with a special provision allowing up to 20% of the investment portfolio to have a maturity of not more than five years.

Credit risk—The City's investment policy limits credit risk by restricting authorized investments to those described above. Also, the policy requires that investments held are to be diversified to the extent practicable to control the risk of loss resulting from over concentration of assets in a specific maturity, issue, instrument, dealer or bank through which financial instruments are bought and sold.

Custodial credit risk—The City's investment policy pursuant to Section 218.415(18), Florida Statutes requires securities, with the exception of certificates of deposits, shall be held with a third-party custodian; and all securities purchased by, and all collateral obtained by the City should be properly designated as an asset of the City. The securities must be held in an account separate and apart from the assets of the financial institution. A third-party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in the State of Florida. Certificates of deposits will be placed in the provider's safekeeping department for the term of the deposit.

As of September 30, 2024, the City's investment portfolio was held with a third-party custodian as required by the City's investment policy. The City's investment policy requires that time deposit investments be made only with banking institutions that are members of the State of Florida collateral pool. Florida Statutes authorize, and the state administers, a collateral pool that ensures no loss of public funds.

Concentration of Credit Risk—The City's investment policy requires diversification but does not specify limits on types of investments.

(5) Receivables:

Receivables as of year-end including the applicable allowances for uncollectible accounts are as follows:

Governmental funds may report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities in the current period. No such deferred inflows are reported as of September 30, 2024.

Governmental and proprietary funds also defer revenue recognition and report unearned revenue in connection with resources that have been received, but not yet earned. At the end of the fiscal year, unearned revenue, in the amount of \$108,151, reported in the major and non-major governmental funds was unearned business tax receipts. Such amounts have also been included as current liabilities on the government-wide financial statements.

(6) <u>Interfund Loans, Advances, and Transfers:</u>

The composition of Interfund balances as of September 30, 2024, is as follows:

There were no due form / to other funds or advances from / to other funds.

Interfund transfers were comprised of the following:

Transfers are used to 1) move revenues from the fund with collection authorization to the fund that statute or budget requires expending them and, 2) move unrestricted fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations. Transfers from the enterprise funds to the general fund are in lieu of franchisee fees.

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:	
General government	\$ 123,483
Public safety	686,370
Transportation / public works	591,178
Parks and recreation	668,958
Capital assets held by the City's internal service funds are	
charged to the various functions based on their usage of	24,529
the assets	
Total depreciation expense – governmental activities	\$ 2,094,518
Business-type activities:	
Water Sewer Utility	\$ 3,263,200
Solid Waste Utility	258,539
Stormwater System	656,049
Total depreciation expense – business-type activities	\$ 4,177,788

(8) Leases:

(a) **City as Lessor**—The City is the lessor in five lease agreements for one building facility and four cell towers. A lease receivable and deferred inflow of resources was recorded for each of these leases.

In 2014, the City entered into a lease agreement with the Volusia/Flagler Family Young Men's Christian Association, Inc. (the "YMCA") for the leasing and reimbursement for the expansion of, certain buildings and facilities located at Hawks Park Recreational Complex, which may be renegotiated and renewed at the request of the City Council or the YMCA Board at any time, provided any amendments are in writing and executed by both parties. Based on the terms of the agreement, the initial ten-year lease began on April 1, 2014, and is scheduled to expire on May 1, 2025, with an option to renew for two additional ten-year periods provided the parties mutually agree on the terms at the time of renewal. Annual rentals under the lease agreement include minimum monthly payments of \$3,779 until April 1, 2024, when the payment shall increase to \$5,779 per month. For the year ended September 30, 2024, the City recognized \$49,189 in lease revenue and \$1,926 in interest revenue related to this lease. As of September 30, 2024, the City's receivable for lease payments was \$45,798 and for interest payments was \$96. Also, the City has a deferred inflow of resources associated with this lease that will be recognized over the lease term. As of September 30, 2024, the balance of the deferred inflow of resources was \$36,892.

(8) <u>Leases:</u> (Continued)

In 2006, 2007, 2008, and 2014, the City entered into lease agreements with MetroPCS, Sprint, T-Mobile, and Vertex for the leasing of cell towers owned by the City. Based on the terms of the agreements, each lease is for an initial five or ten-year term with four additional five-year renewal periods. For the year ended September 30, 2024, the City recognized \$119,177 in lease revenue and \$38,537 in interest revenue related to these leases. As of September 30, 2024, the City's receivable for lease payments was \$1,484,970 and for interest payments was \$3,131. Also, the City has a deferred inflow of resources associated with these leases that will be recognized over the lease terms. As of September 30, 2024, the balance of the deferred inflow of resources was \$1,358,736.

(b) **City as Lessee**—The City is the lessee in one lease agreement for copier equipment for both the General Fund and the Water Sewer Fund as well as one lease agreement for a building facility for the General Fund. A lease liability and a right-to-use asset was recorded for these leases.

In 2020, the City entered into a 63 month lease agreement with Dex Imaging for the use of copier equipment valued at \$980,728. A right-to-use asset and initial lease liability was recorded by the City during the current fiscal year. The City is required to make monthly principal and interest payments of \$2,521. As of September 30, 2024, the value of the lease liability was \$24,920. The City's IBR was calculated at 2.530% at September 30, 2023, and was the discount rate utilized in the current year for this lease. The equipment has a seven-year estimated useful life. The value of the right-to-use assets as of September 30, 2024 was \$110,513 and had accumulated depreciation of \$86,583.

In 2024, the City entered into a lease agreement with Yosef Aleichem LLC for leasing the real property, 2410 ste 26-30 S Riverside Dr, Edgewater, FL 32141. Based on the terms of the agreement, the initial ten-year lease began in June 2024 and is scheduled to expire in June 2034, with automatic 30-day renewal unless prior written notice is given by either party. The City is required to make monthly principal and interest payments of \$6,859. As of September 30, 2024, the value of the lease liability was \$854,160. The City's IBR was calculated at 2.530% at September 30, 2023, and was the discount rate utilized in the current year for this lease. The building has a twenty-year estimated useful life. The value of the right-to-use assets as of September 30, 2024 was \$869,270 and had accumulated depreciation of \$28,736.

Lease expense for the right-to-use assets for the years ended September 30, 2024 was as follows:

September 30, 2024	vernmental Activities	Business-type Activities		
Building depreciation expense	\$ 28,736	\$	_	
Equipment depreciation expense	20,376		8,485	
Interest on lease liabilities	7,953		285	
Total	\$ 57,065	\$	8,770	

(8) <u>Leases:</u> (Continued)

The principal and interest requirements to maturity for the lease liability as of September 30, 2024, is as follows:

Governmental Acti

Year Ending September 30,	Principal		Interest	Total Payments	
2025	\$	79,820	\$ 21,104	\$	100,924
2026		67,200	19,268		86,468
2027		72,469	17,508		89,977
2028		78,050	15,610		93,660
2029		83,960	13,568		97,528
2030-2034		490,255	 31,571		521,826
Total future minimum lease payments	\$	871,754	\$ 118,629	\$	990,383

Business-type Activities

Year Ending September 30,	Principal		Interest	Total Payments	
2025	\$	7,326	\$ 85	\$	7,411
Total future minimum lease payments	\$	7,326	\$ 85	\$	7,411

(9) Long-term Debt:

Notes Payable

During the year ended September 30, 2019, the City executed an agreement with the Florida Department of Environmental Protection (FDEP) to borrow up to \$4,533,200, at an interest rate of 3.2% through the State Revolving Fund (SRF) loan program, for the purpose of financing the construction of wastewater pollution control facilities. During the fiscal year 2020, the total amount awarded was reduced by \$759,402. The revised total amount awarded is \$3,773,798 plus capitalized interest. The loan is payable semi-annually beginning on February 15, 2021. The loan will have semi-annual payments of \$103,341 on February 15 and August 15 each year until all amounts due under the agreement have been fully paid. The amount of the loan issued and outstanding at year-end is as follows:

	Interest Rates and Dates	Maturity	Original Amount	utstanding Balance
Business-type activities:			 _	
Clean Water State Revolving	.63%			
Fund Loan Agreement	(2/15 and 8/15)	8/15/2040	\$ 3,773,798	\$ 3,138,452

Annual requirements to amortize the State Revolving Fund loan outstanding as of September 30, 2024, are as follows:

(9) **Long-term Debt:** (Continued)

Year Ending	Business-Type Activities							
September 30,	P	rincipal	I	nterest

2030 - 2034	1,026,000	165,852
2035 - 2036	456,000	21,023
	\$ 2,364,000	\$ 496,210

(9) Long-term Debt: (Continued)

The Capital Improvement Revenue Note, Series 2017, was issued on June 19, 2017, in the amount of \$2,000,000 to finance the acquisition of approximately 27 acres of land for the construction of a public waterfront park and related amenities. The loan will have semi-annual payments due on June 1 and December 1. The interest rate on the note is 2.47% and maturity is on June 1, 2032. The original amount of the note issued and outstanding at year-end is as follows:

	Interest Rates and Dates	Maturity	Original Amount	Outstanding Balance
Governmental activities:				
Capital Improvement Revenue	2.47%			
Notes Series 2017	(6/1 and 12/1)	6/1/2032	\$ 2,000,000	\$ 1,159,000

The Capital Improvement Revenue Note resolution provides for:

- 1) Establishment of a debt covenant to not issue additional obligations secured by the pledged revenues unless the aggregate amount of the pledged revenues received during the 12 months consecutive designated by the City within 24 months immediately preceding the date of delivery of such additional obligation equals at least 1.35 times the maximum annual debt service on all debt secured or payable from the pledged revenues, including debt service on the proposed additional obligations to be issued.
- 2) Pledged revenues consist of half cent state sales tax.

Annual requirements to amortize the Capital Improvement Revenue Note outstanding as of September 30, 2024, are as follows:

Year Ending	Year Ending Governmen			
September 30,	Principal	Interest		
2025	\$ 133,000	\$ 28,627		
2026	136,000	25,342		
2027	139,000	21,983

2030 - 2032	462,000	23,020		
	\$ 1,159,000	\$ 132,540		

(9) Long-term Debt: (Continued)

During the year ended September 30, 2017, the City executed an agreement with FDEP to borrow up to \$336,500 at an interest rate of 3.15% through the State Revolving Fund loan program, for the purpose of financing the design of wastewater pollution control facilities. The agreement allowed the City to borrow up to \$336,500 at an interest rate of 3.15%. The loan is payable semi-annually in the amount of Loan payments with payments beginning on September 15, 2018. The loan will have semi-annual payments of \$9,178 on March 15 and September 15 each year until all amounts due under the agreement have been fully paid. The total amount of funding received during fiscal year 2017 was \$305,848 with the remaining amount received in fiscal year 2018. The amount of the loan issued and outstanding at year-end is as follows:

	Interest Rates and Dates	Maturity	riginal mount	tstanding Balance
Business-Type activities:				
Clean Water State Revolving	3.15%			
Fund Loan Agreement	(3/15 and 9/15)	3/15/2038	\$ 336,500	\$ 237,342

Annual requirements to amortize the State Revolving Fund loan outstanding as of September 30, 2024, are as follows:

Year Ending	Year Ending Busine			
September 30,	Principal		_Iı	nterest
2025	\$	16,898	\$	1,469
2026		17,005		1,362
2027		17,112		1,255
2028		17,220		1,147
2029		17,329		1,038
2030 - 2034		88,297		3,537
2035 - 2038		63,481		801
	\$	237,342	\$	10,609

In 2016, the City issued Water and Sewer Revenue Refunding Note, Series 2016:

Original amount issued	\$10,000,000
Issue date	February 29, 2016
Final maturity	October 1, 2026
Interest due	April 1 and October 1
Interest rate	Fixed - 2.30%

The Utility System Refunding Revenue Note is secured by a first lien on and pledge of the net revenues of the City's water, wastewater and stormwater utility systems and a first lien on and pledge of allowable impact fees imposed on new users of the systems.

The Utility System Refunding Revenue Note resolution provides for:

(1) Establishment and maintenance of various funds and accounts

(9) Long-term Debt: (Continued)

- (2) Restrictions on the use of cash from operations in order of priority
 - (a) Deposits are made to the operations and maintenance fund each month in an amount which will pay the costs of operation and maintenance for the next month;
 - (b) Deposits to the sinking fund are made monthly in an amount equal to one-sixth (1/6) of the interest coming due on the next semi-annual interest payment date and one-twelfth (1/12) of the bond amortization installment coming due during the next year;
 - (c) Deposits to the reserve fund are required to make up any deficiency in its balance as compared to the reserve equipment;
 - (d) Deposits to the Renewal and Replacement Fund are required each month in an amount equal to one-twelfth (1/12) of five per centum (5%) of the gross revenues of the system for the previous fiscal year; provided, however, that so long as there shall be on deposit in the renewal and replacement fund a balance of at least five per centum (5%) of the value of the fixed assets of the system, no additional deposits shall be required;
 - (e) Deposits will next be made into the rate stabilization fund for the amount budgeted for the then current period; and
 - (f) Thereafter for any lawful purposes.

Annual requirements to amortize the Utility System Refunding Revenue Note outstanding as of September 30, 2024, are as follows:

Year Ending	Business-Type Activities				
September 30,	Principal	I	nterest		
2025	\$ 1,004,000	\$	59,317		
2026	1,027,000		35,961		
2027	1,050,000		12,075		
	\$ 3,081,000	\$	107,353		

In 2010, the City issued Guaranteed Entitlement Revenue Note, Series 2010:

Original amount issued	\$750,000
Issue date	November 23, 2010
Final maturity	October 1, 2030
Interest due	April 1 and October 1
Interest rate	Fixed – 2.77%

The note is pledged by State Revenue Sharing monies received by the City and the proceeds were used to construct Fire Station Number 55. Debt service requirements for this revenue note using interest rate of 2.77% at September 30, 2024, are as follows:

(9) Long-term Debt: (Continued)

Year Ending	Governmental Activities					
September 30,	Principal		Principal In		Interest	
2025	\$	45,000	\$	8,381		
2026		45,000		7,134		
2027		45,000		5,888		
2028		45,000		4,652		
2029		45,000		3,395		
2030 - 2031		100,000		4,156		
	\$	325,000	\$	33,606		

In March 2006, the City signed a limited general obligation note payable for \$500,000 to fund the construction of a new animal shelter. The note is secured by a limited pledge of ad valorem taxes. While the note is outstanding, the City will levy ad valorem taxes, not to exceed .06 mills to pay principal and interest on the note. The note matures in July 2026 and has an interest rate of 3.85%. Annual debt service requirements are as follows:

Year Ending	Governmental Activities				
September 30,	Pı	rincipal	Interest		
2025	\$	35,000	\$	2,692	
2026		35,000		1,346	
	\$	70,000	\$	4,038	

November 2012, the City executed an agreement with the Florida Department of Environmental Protection to borrow up to \$6,438,083 at an interest rate of 1.72-1.84% through the State Revolving Fund loan program, for the purpose of wastewater treatment replacement and renewal. Capitalized interest added to the loan was \$89,773. Repayment commenced on December 15, 2014, and is due semiannually thereafter on June 15 and December 15, each year until all amounts due under the agreement have been fully paid in June 2034. Current debt service requirements are as follows:

Year Ending	Business-Ty	ness-Type Activities			
September 30,	Principal		nterest		
2025	\$ 321,506	\$	62,463		
2026	327,415		56,555

2028	339,559		44,410		
2029	345,799		38,170		
2030 - 2034	1,826,690		93.155		
	\$ 3,494,401	\$	345,291		

(9) **Long-term Debt:** (Continued)

The City has financed purchase agreements for financing the acquisition of rescue vehicles and other vehicles from BB&T and Truist Bank in 2019 and 2020, respectively. These agreements qualify as financed purchase agreements for accounting purposes and, therefore, were recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through the financed purchase agreements are as follows:

	BB&T Governmental Activities		Truist Bank Business-type Activities	
Machinery and equipment	\$	594,457	\$	891,766
Less: Accumulated depreciation		(259,451)		(326,980)
Total	\$	335,006	\$	564,786

The future minimum obligations and the net present value of these payments as of September 30, 2024 were as follows:

Year Ending September 30,	BB&T Governmental Activities		Truist Bank Business-type Activities	
2025	\$	62,105	\$	157,526
2026		62,758		157,790
2027		62,361		-
2028		61,940		-
2029		62,494		-
Total minimum payments		311,658		315,316
Amounts representing interest		(21,658)		(8,316)
Present value of minimum payments	\$	290,000	\$	307,000

(9) Long-term Debt: (Continued)

Changes in Long-Term Liabilities

Total business-type activities long	Φ.	12.502.071	Φ.	402.540	ф.	(2.00(.110)	<u>_</u>	10.000.501	Φ.	2.022.21.5
term debt	\$	12,582,071	\$	402,548	\$	(2,086,119)	\$	10,898,501	\$	2,033,215

Internal service funds predominately serve the governmental funds. Accordingly, \$68,373 of compensated absences are included in the above governmental activities amounts. Also, for governmental activities, compensated absences, net pension liabilities, and OPEB liabilities are generally liquidated by the General Fund. The City's full OPEB liability is classified as due in more than one year since the liability primarily represents long-term obligations with immaterial amounts expected to be due within one year.

(10) Other Commitments:

The City has entered into several agreements that are outstanding at September 30, 2024, which will result in future financial obligation as follows:

Commitments	Amount
General Fund	\$ 2,850,072
Tree Mitigation Fund	30,000
Capital Projects Fund	3,482,176
Water and Sewer Utility Fund	10,785,175
Stormwater Utility Fund	16,436,151
Solid Waste Fund	1,417,740
Public Works	23,387,810
MIS Fund	16,967
Fleet Fund	55,189
Total	\$ 58,461,280

(11) Other Matters:

(a) Risk Management:

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. During 2024, there were no significant reductions in insurance coverage from the previous year or any settlements in excess of insurance coverage in the current year or the prior three years.

(b) Other Postemployment Benefits (OPEB):

Plan Description—Effective October 1, 2017, the City implemented GASB Statement No. 75, *Accounting and Reporting for Post-Employment Benefits Other Than Pensions*, for certain post-employment healthcare benefits provided by the City. The City elected to implement the requirements of this statement prospectively. No assets are held in trust for payment of the OPEB liability as the City had no OPEB liability other than as arising from the implicit rate subsidy, as discussed in the following paragraph.

Retirees and their dependents are permitted to remain covered under the City's respective health care plans as long as they pay a full premium applicable to the coverage elected. This conforms to the minimum required of Florida governmental employers per Chapter 112.08, Florida Statutes. The Other Post-Employment Benefit Plan does not issue a stand-alone report.

Benefits Provided—The Other Post Employment Benefit Plan is a single-employer benefit plan administered by the City. Retirees are charged whatever the insurance company charges for the type of coverage elected, however, the premiums charged by the insurance company are based on a blending of the experience among younger active employees and older retired employees. The older retirees actually have a higher cost which means the City is actually subsidizing the cost of the retiree coverage because it pays all or a significant portion of the premium on behalf of the active employee. This is referred to as the "implicit rate subsidy."

(11) Other Matters: (Continued)

Plan Membership—At September 30, 2023, the date of the latest actuarial valuation, plan participation consisted of the following:

Active Participants	207
Retirees, Beneficiaries, and Disabled Members	15
Covered Spouses	4
	226

Total OPEB Liability—The City's total OPEB liability of \$6,715,607 was measured as of September 30, 2023, and was determined by an actuarial valuation as of September 30, 2023.

Actuarial Assumptions and Other Inputs—The total OPEB liability in the September 30, 2023 actuarial valuation, updated to September 30, 2024, was determined using the following actuarial assumptions and other inputs, applied to all periods in the measurement, unless otherwise specified:

Inflation	2.50%
Salary increases	Varies By Service
Discount rate	4.87%
Initial Trend Rate	7.00%
Ultimate Trend Rate	4.00%
Years to Ultimate	51

Given the City's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 4.87%. The high-quality municipal bond rate was based on the S&P Municipal Bond 20 Year High Grade Rate Index as published by S&P Dow Jones Indices as of the measurement date. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard and Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

All mortality rates were based on the Pub-2010 mortality tables. All mortality rates are based on those outlined in Milliman's July 1, 2023 Florida Retirement System (FRS) valuation report with certain demographic adjustments. All tables include fully generational adjustments for mortality improvements using gender-specific improvement scale MP-2018.

Changes of Assumptions reflect a change in the discount rate from 4.77% for the reporting period ended September 30, 2023, to 4.87% for the reporting period ended September 30, 2024.

(11) Other Matters: (Continued)

Changes in the OPEB liability for the fiscal year ended September 30, 2024, were as follows:

	Total OPEB Liability				
Balance at September 30, 2023	\$	5,824,766			
Changes for a year:					
Service cost		113,668			
Interest		278,494			
Difference between expected and actual experience		217,566			
Changes of assumptions		483,415			
Benefit payments – implicit rate subsidy		(202,302)			
Net changes		890,841			
Balance at September 30, 2024	\$	6,715,607			

Sensitivity of the total OPEB liability to changes in the discount rate:

The following presents the total OPEB liability of the City calculated using the discount rate of 4.87%, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (3.87%) or 1% higher (5.87%) than the current rate:

	, -, -, -, -, -, -, -, -, -, -, -, -,			Current scount Rate	 1% Increase
Total OPEB Liability	\$	7,753,459	\$	6,715,607	\$ 5,892,149

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rate:

The following presents the total OPEB liability of the City as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (3.00%-6.00%) or 1% higher (5.00%-8.00%) than the current healthcare cost trend rates (4.00%-7.00%):

		1% Decrease		Current rend Rates	1% Increase		
Total OPEB Liability	\$	5,852,763	\$	6,715,607	\$	7,790,795	

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended September 30, 2024, the City recognized OPEB expense of \$402,933.

(11) Other Matters: (Continued)

At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	C	Deferred Outflows of Resources	1	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$	2,382,751	\$	-
Changes of Assumptions		1,645,396		4,040,232
Employer Contributions Subsequent to the Measurement Date		321,372		
Total	\$	4,349,519	\$	4,040,232

Amounts reported as deferred outflows of resources (except for contributions made subsequent to the measurement date, which will be recognized in the succeeding fiscal year) and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending September 30,	A	Amount
2024	\$	66,018

(c) Employee Defined Benefit Retirement Pension Plans:

Plan Description and Administration

The City maintains three separate single-employer, defined benefit pension plans for full-time general employees, police officers and firefighters, which are administered by and maintained as the respective Pension Trust Funds and included as part of the City's reporting entity. The General Employees Retirement Trust Fund was established by Chapter 13 of the City's Code of Ordinances. The Police Officers' Retirement Trust Fund was established pursuant with Chapter 185, Florida Statutes. The Firefighters' Pension Fund was established pursuant with Chapter 175, Florida Statutes. The applicable Ordinances or Statutes grant the authority to establish and amend the benefit terms to the Boards of Trustees.

Separate boards of trustees independently govern each system. The General Employees' Pension Fund is Board of Trustees is comprised of two legal residents of the City, who are appointed by the City Council; two members of the Plan employed by the City and elected by the plan members; one member as a union representative, as appointed by the union. Both the Police Officers' Retirement Trust Fund and the Firefighters' Pension Fund are comprised of two Council appointees; two members of the department elected by the membership; one member elected by the other four members and appointed by the Council. The funding methods and determination of benefits payable are provided in the various acts of the Florida Legislature, the respective board of trustees and the City Council.

(11) Other Matters: (Continued)

Benefits Provided

Each system provides retirement, disability and death benefits. All employees vest for full benefits after five years of service. Retirement benefits for general employees are based on the three consecutive years which give the highest average out of the last ten years. General employees will receive a benefit amount equal to 2% of that average multiplied by years of accrued service. Retirement benefits for police officers are based on the three years which give the highest average out of the last five years. Police officers will receive a benefit amount equal to 2% of that average multiplied by years of accrued service up to October 1, 1987, and 3% of that average multiplied by years of accrued service after October 1, 1987. Retirement benefits for firefighters are based on the five years, which give the highest average out of the last ten years. Firefighters will receive a benefit amount equal to 3% of that average multiplied by years of accrued service. All employees with 5 years of accrued service are eligible to retire at age 55. General employees may retire at any age after 25 years of service. Police officers and Firefighters may retire at any age after 20 years of service. All employees are eligible for non-service disability benefits after 5 years of service and for service-related disability benefits upon hire. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately without an actuarial reduction. Death benefits for vested general employees prior to retirement and with a 50% qualified joint survivor annuity will be paid monthly. Death benefits are paid for vested police officers, prior to retirement and with a 100% qualified joint survivor annuity. Death benefits for firefighters are paid for 10 years. All nonvested employees do not receive a death benefit and the Plan refunds accumulated contributions without interest. An employee that leaves the City prior to reaching 5 years of service may withdraw his or her contributions without interest. After 5 years, the employee may elect to receive the accrued benefit payable at retirement age. There are no annual cost of living adjustments.

Employees Covered by Benefit Terms

As of the latest actuarial valuation report, the following employees were covered by the benefit terms:

Group	General Employees	Police Officers	Fire Fighters'
Inactive plan members and beneficiaries currently receiving benefits	102	35	21
Inactive plan members entitled to but not receiving benefits	11	14	5
Active plan members	1	30	29
Total	114	79	55

The General Employees' Pension Fund was amended in October 1996, which closed off the plan to any new employees hired by the City after October 1, 1996. Employees hired after October 1, 1996, however, are eligible for the City's 401(a) Defined Contribution Plan. Employees hired prior to October 1, 1996, and not vested in the General Employees' Pension Fund as of September 30, 1997, may elect to participate in the 401(a) Defined Contribution Plan.

(11) Other Matters: (Continued)

With the October 1, 2013, valuation, the General Employees Board of Trustees adopted changes to years of service, and the benefit limitation. Starting for the year ending September 30, 2014, funding requirements are now based on a dollar funding methodology as compared to the percentage of payroll methodology.

Contributions

Legislature grants the authority to establish and amend the contribution requirements of the City and active employees to the respective Boards of Trustees. The Boards establish rates based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of the employees. For the year ended September 30, 2024, the average active employee contribution was \$3,078 for general employees and 6% of annual pay for both police officers and firefighters. The general employee pension fund requires a contribution from City based on a dollar funding methodology. For the year ended September 30, 2024, the total required contribution from the City was \$777,505 for the general employees' pension fund. The City's average contribution rate for the year ended September 30, 2024, was 45.8% and 23.2% of annual payroll for the police officers and firefighters pension funds, respectively.

Investment Policy

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Board of Trustees by a majority vote of its members. It is the policy of the respective Board of Trustees to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except the liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of September 30, 2024:

Asset Class	General Employees Target Allocation	Police Officers Target Allocation	Firefighters' Target Allocation
Domestic equity	40%	45%	50%
International equity	10%	15%	15%
Bonds/domestic fixed income	40%	25%	35%
Global fixed income	-	5%	-
Real estate	10%	10%	-
Total	100%	100%	100%

Concentrations

The plans did not hold investments in any one organization that represent 5% or more of the Pension Plan's fiduciary net position.

(11) Other Matters: (Continued)

Reserves

As of September 30, 2024, there are no amounts legally required to be reserved for the general, police and firefighter pension funds, respectively.

Financial Statements

The financial statements of the Employee Retirement plans are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. The government's contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. All plan investments are reported at fair value. These plans do not issue stand-alone financial reports.

Individual Fiduciary Fund Statements

Individual statements of net position for the three plans included in the City of Edgewater fiduciary funds are as follows:

Combining Statement of Fiduciary Net Position Pension Trust Funds September 30, 2024

Net Pension Liability

Actuarial Assumptions:

The total pension liability was determined with a measurement date of September 30, 2023, and an actuarial valuation as of October 1, 2022 updated to September 30, 2023, using the following actuarial assumptions to all measurement periods.

	General Employees	Police Officers	Firefighters
Inflation	2.50%	2.50%	2.50%
Salary increases	4.00%	Service based	Service based
Investment rate of return/discount rate	6.25%	7.40%	7.00%

(11) Other Matters: (Continued)

Mortality rates:		Police Officers &
	General Employees	Firefighters
Mortaility Rate Healthy Active Lives:	Female: PubG.H-2010 (Above Median) for Employees	Female: PubS.H-2010 (Below Median) for Employees, set forward one year.
	Male: PubG.H-2010 (Below Median) for Employees, set back one year.	Male: PubS.H-2010 (Below Median) for Employees, set forward one year.
Mortality Rate Healthy Retiree Lives:	Female: PubG.H-2010 for Healthy Retirees	Female: PubS.H-2010 for Healthy Retirees, set forward one year.
	Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.	Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.
Mortality Rate Beneficiary Lives:	Female: PubG.H-2010 (Below Median) for Healthy Retirees.	Female: PubG.H-2010 (Below Median) for Healthy Retirees.
	Male: PubG.H-2010 for Healthy Retirees, set back one year.	Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.
Mortality Rate Disabled Lives:	PubG.H-2010 for Disabled Retirees, set forward three years.	80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.

Mortality rates for General Employees are projected generationally with mortality Improvements Scale MP-2018. The above described mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. The above rates are those outlined in Milliman's July 1, 2021 FRS valuation report for non-special risk employees, with appropriate adjustments made based on plan demographics. The actuarial assumptions are based upon the most recent actuarial experience study dated June 13, 2013.

Mortality rates for the Police Officers are projected generationally with mortality Improvements Scale MP-2018. The above described mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. The above rates are those outlined in Milliman's July 1, 2021 FRS valuation report for non-special risk employees, with appropriate adjustments made based on plan demographics. The actuarial assumptions are based upon the most recent actuarial experience study dated September 17, 2020.

Mortality rates for the Firefighters are projected generationally with mortality Improvements Scale MP-2018. The above described mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. The above rates are those outlined in Milliman's July 1, 2021 FRS valuation report for non-special risk employees, with appropriate adjustments made based on plan demographics. The actuarial assumptions are based upon the most recent actuarial experience study dated December 6, 2019.

(11) Other Matters: (Continued)

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment costs and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major class as of September 30, 2024, are summarized in the following table:

	Long Term Expected Real Rate of Return								
Asset Class	General Employees	Police Officers	Firefighters						
Domestic equity	7.20%	7.50%	7.50%						
International equity	2.90%	8.50%	8.50%						
Bonds/domestic fixed income	1.70%	2.50%	2.50%						
Global fixed income	-	3.50%	-						
Real estate	5.90%	4.50%	-						

Discount rate:

The discount rate used to measure the total pension liability for the General Pension Plan was 6.25%, 7.40% for Police, and 7.00% Fire Pension Plans. The projection of cash flows used to determine the discount rate assumed the plan member contributions will be made at the current contribution rate and that City contributions will be made as rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The components of the net pension liability of the pension plans at September 30, 2024, were as follows:

		General Employees		Police Officers	Firefighters		
Total pension liability Plan fiduciary net position Net pension liability (asset)	\$ <u>\$</u>	18,533,416 (11,148,918) 7,384,498	\$ <u>\$</u>	17,711,262 (13,929,207) 3,782,055	\$ <u>\$</u>	19,481,393 (19,612,594) (131,201)	
Plan fiduciary net position as percentage of total pension liability		60.16%		78.65%		100.67%

Sensitivity of the net pension liability to changes in the discount rate:

The following presents the net pension liability of the City calculated using the discount rate of 6.25% for the General Employee's Pension, 7.40% for Police, and 7.00% for Firefighters. The information presented below is what the City's net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

City's Net Pension Liability (Asset)		1% Decrease 5.25%	Current Discount Rate 6.25%		1% Increas 7.25%			
General Employees Retirement Trust Fund	\$	\$ 9,164,168		\$ 9,164,168 \$ 7,384,498			\$	5,867,774
City's Net Pension Liability (Asset)	1% Decrease 6.40%			Current count Rate 7.40%	1% Increase 8.40%			
Police Officers Retirement Trust Fund	\$	5,689,542	\$	3,782,055	\$	2,196,103		
City's Net Pension Liability (Asset)	1% Decrease 6.00%			Current count Rate 7.00%	19	% Increase 8.00%		
Firefighters Retirement Trust Fund	\$	2,048,601	\$	(131,201)	\$	(1,930,650)		

For the year ended September 30, 2024, the annual-money weighted rate of return on each pension plan investments, net of pension plan investment expense was as follows:

	General Employees Retirement Trust Fund	Police Officers Retirement Trust Fund	Firefighters Retirement Trust Fund
Annual money-weighted rate of return	7.11%	10.78%	14.95%

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2024, the City recognized pension expense of \$935,438, \$1,217,531 and \$1,085,413 in the General Employees, Police Officers, and Firefighters pension plans, respectively, for a total aggregate pension expense of \$3,238,382 for all three plans.

(11) Other Matters: (Continued)

At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Ge		l Employees' tirement			Police O		Firefighters' Retirement						
		Trust	-		Retirement Trust Fund					Trust				
	Deferred Outflows of Resources		Outflows of		In	eferred flows of sources	Ou	eferred atflows of esources	d Deferred of Inflows of		C	Deferred Dutflows of esources	Iı	Deferred aflows of esources
Differences between expected and actual experience Changes of assumptions Net difference between	\$	-	\$	- -	\$	55,305	\$	63,488	\$	464,875 382,223	\$	58,368 55,616

2028	(19,377)		(83,014)		(227,090)
2029	-		-		42,179

(d) Employee Defined Contribution Retirement Pension Plans:

General Employees—The City adopted a defined contribution plan effective October 1, 1996. The plan is a money purchase plan administered for the City by the ICMA. Eligible employees are employees hired effective October 1, 1996, or thereafter that would otherwise qualify for the General Employees' Pension Plan. Employees hired prior to October 1, 1996, and not vested in the General Employees' Pension Plan may also elect, instead, to participate in the defined contribution plan. Employee participation is immediate upon hiring and are 100% vested after five years of employment. Employees direct the investment of funds contributed to the plan on their behalf. Employer contributions made during the year amounted to \$944,198. The City Council has the authority to amend the Plan's provisions including amending contribution requirements.

(11) Other Matters: (Continued)

- (e) **Deferred Compensation Plans**—The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457; i.e., International City/County Management Association (ICMA). The plan is available to all City employees and permit employees to defer a portion of their salary until future years. Participation in the plan is optional. Deferred compensation withdrawals are not available to employees until termination, retirement, death, or an unforeseeable emergency. In accordance with current professional pronouncements, the City has not included such funds in its financial statements.
- (f) **Tax Abatement**—The City entered into an agreement with a local organization to abate certain ad valorem taxes in exchange for economic incentives. Article VII, Section 3 of the Florida Constitution and Section 16.1995, Florida Statutes, and the electorate of the City, have granted City Council the authority to grant property tax exemptions for new business and expansions of existing businesses. The City Council approved Ordinance 2017-O-22, granting the organization an ad valorem tax exemption for a term of ten years expiring in 2026. There was \$11,250 in taxes abated during the year ended September 30, 2024, as scheduled.
- (g) **Contingencies**—The City has been involved in miscellaneous collections, lot cleaning, stormwater, and other liens. In addition, the City has numerous pending/threatened claims against it. In the opinion of City management, the loss, if any, resulting from these actions will not have a material adverse effect on the financial condition of the City.

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal and state government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

(h) **Subsequent Events**—During October 2024, the City was affected by Hurricane Milton. This hurricane was primarily a wind and flooding event, causing damage to many of the city facilities along with debris, power outages, and flooding damages. Debris removal and cleanup costs, facility damage, and emergency protective measures incurred due to the hurricane are currently estimated at \$881,789. Expected reimbursements of over 95% are expected from FEMA, state, and insurance proceeds.

Also in October 2024, the City entered into a financing agreement with Truist Financial related to the Public Works Complex construction for \$20 Million.

(12) Recently Issued Pronouncements:

The Governmental Accounting Standards Board ("GASB") has issued several pronouncements that have effective dates that may impact future financial statements. Listed below are pronouncements with required implementation dates effective for subsequent fiscal years that have not yet been implemented.

Management has not currently determined what, if any, impact implementation of the following will have on the City's financial statements:

- (a) GASB issued Statement No. 101, *Compensated Absences*, in June 2022. GASB Statement No. 101 amends various provisions regarding the calculation methodology and required disclosures related to the liability for compensated absences. The provisions for GASB 101 are effective for fiscal years beginning after December 15, 2023.
- (b) GASB issued Statement No. 102, *Certain Risk Disclosures*, in December 2023. GASB Statement No. 102 amends GASB Statement No. 62 regarding the disclosure of a government's vulnerability to risks related to certain concentrations and constraints that limit its ability to acquire resources or control spending. The provisions for GASB 102 are effective for fiscal years beginning after June 15, 2024.
- (c) GASB issued Statement No. 103, Financial Reporting Model Improvements, in April 2024. The objective of GASB 103 is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The effective date for implementation is fiscal years beginning after June 15, 2025, and all reporting periods thereafter.
- (d) GASB issued Statement No. 104, Disclosure of Certain Capital Assets, in September 2024. GASB 104 requires governments to provide detailed information about certain types of capital assets, including lease assets, intangible right-to-use assets, and subscription assets, in the notes to financial statements. The provisions for GASB 104 are effective for fiscal years beginning after June 15, 2025.

Notes to Schedule:

Valuation Date: 10/1/2022

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding Method: Entry Age Normal Actuarial Cost Method

Interest - A half year, based on the current 6.25% assumption.

Salary - A full year, based on the current average assumption of 4.0%.

Mortality: PubG.H-2010 for Employees

Interest Rate: 6.25% per year compounded annually, net of investment related expenses.

56-59 0% 60 and older 100%

In addition to the above table, 100% Retirement is assumed upon the completion of 25 years of

Credited Service.

Salary Increases: 4% per year.

Termination Rates: None assumed.

Early Retirement: None assumed.

Actuarial Asset Method:

All assets are valued at fair value with an adjustment made to uniformly spread actuarial

investment gains and losses (as measured by actual fair value investment return against expected

fair value investment return) over a four-year period.

Disability Rates: 0.30% - 1.55%

Notes to Schedule:

Valuation Date: 10/1/2022

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding Method: Entry Age Normal Actuarial Cost Method.

New UAAL amortization amounts are established according to the following amortization

Amortization Method: periods:

Experience: 10 years

Assumption/Method Changes: 20 years

Benefit Changes: 30 years

Mortality: PubS.H.-2010 Combined Healthy.

Interest Rate: 7.4% per year compounded annually, net of investment related expenses.

Retirement Age: Years Eligible for Normal Retirement Retirement Probability

1 - 2 50%

more than 2 100%

In addition to the above, 100% Retirement is assumed upon the attainment of

age 55 if eligible to retire.

Early Retirement: None assumed

Salary Increases: 14% for less than 2 years credited service.

6.5% for 2 years to 9 years of credited service. 4% for 10 years or more of credited service

Actuarial Asset Method: All assets are valued at fair value with an adjustment made to uniformly spread actuarial

investment gains and losses (as measured by actual fair value investment return against

expected fair value investment return) over a four-year period.

Termination Rates: 10% for less than 10 years credited service.

1% per year thereafter

Disability Rates: 0.82% - 8.45%

Notes to Schedule:

Salary Increases:

Termination Rates:

Valuation Date: 10/1/2022

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding Method: Entry Age Normal Actuarial Cost Method.

Amortization Method: All new UAAL amortization bases are amortized over 15 years

Mortality: PubS.H-2010 Combined Healthy.

Interest Rate: 7.00% per year compounded annually, net of investment related expenses.

Normal Retirement: Years Eligible for Normal Retirement Retirement Retirement Probability

0 60%

0 60% 1-4 0% 5 and greater 100%

In addition to the above, 100% Retirement is assumed upon the attainment of

age 55 with 5 years of Credited Service.

Disability Rates: 0.06% - .36%

Payroll Growth: None

Asset Smoothing Methodology: The Actuarial Value of Assets is brought forward using the historical four-year geometric

average of Fair Value Returns (net-of-fees). Over time, this may result in a negligible bias that

is above or below the FairValue of Assets.

5.5% for less than 10 years credited service.

5.0% for 10-15 years credited service.

4.5% for 15 years or greater of credited service.

Final Salary Load: No load for 0 years of credited service.

10.0% for less than 10 years of credited service. 20.0% for 10 or more years of credited service. 7.5% for less than 5 years credited service.

2.0% for 5 years or greater of credited service.

Commencing at eligibility for Early Retirement, Members are assumed to retire

with an immediate benefit at the rate of 5% per year.

Covered employee payroll (projected)		11,603,117		8,954,905	
Total OPEB liability as a percentage of covered employee payroll		57.88%		65.05%	

Notes to Schedule:

Covered Employee Payroll was projected one year forward from the valuation date for the reporting period ending September 30, 2024.

Valuation Date: 9/30/2023

Changes of assumptions. Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period:

FY 2024	4.87%
FY 2023	4.77%
FY 2022	2.43%
FY 2021	2.14%
FY 2020	3.58%
FY 2019	4.18%
FY 2018	3.64%

Benefit Payments. The Plan sponsor did not provide actual net benefits paid by the Plan for each fiscal year shown above. Expected net benefits payments produced by the valuation model for the same periods are shown in the table above.

Differences Between Expected and Actual Experience . Differences Between Expected and Actual Experience reflects the impact of changes to the census data from the prior valuations.

There are no assets accumulated in a trust that meets the criteria of GASB codification P22.101 or P52.101 to pay related benefits for the OPEB plan.

^{*10} years of data will be presented as it becomes available.

Nonmajor Governmental Funds September 30, 2023

SPECIAL REVENUE FUNDS are used to account for revenue derived from specific taxes or other earmarked revenue sources (other than for major capital projects) that are restricted by law or administrative action to expenditures for specified purposes.

Manatee Conservation – This fund was established to account for revenues and associated expenditures for protecting Manatees and conserving natural habitat.

Special Law Enforcement Trust Fund – This fund was established to receive revenues derived from confiscated property obtained during the enforcement purposes, exclusive of salaries and vehicles. Such purposes may include drug education programs such as DARE.

Transportation Impact Fees Fund – This fund was established to account for road impact fees collected from new developments constructed in the City.

Police Impact fees Fund – This fund was established to account for police impact fees collected from new developments constructed in the City.

Fire Impact Fees Fund – This fund was established to account for fire impact fees collected from new developments constructed in the City.

Recreation Impact Fees Fund – This fund was established to account for recreation impact fees collected from new developments constructed in the City.

Tree Mitigation Fund – This fund was established to account for revenues and associated expenditures of tree mitigation restricted to replace trees extinguished by development activities.

DEBT SERVICE FUNDS are established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Debt Service Fund – This fund was established to account for the payment of general long-term debt principal and interest for the Animal Shelter.

Internal Service Funds September 30, 2024

INTERNAL SERVICE FUNDS are used to account for the financing of centralized services to City departments on a cost-reimbursement basis (including depreciation).

Management Information Systems (MIS) – To account for data processing operations and the cost of computer services used by other City departments.

Fleet – To account for the cost of operating a maintenance facility for automotive equipment used by other City departments / divisions.

Loss Fund – To account for the general liability and property insurances of the City.

Fully Insured – To account for the health, dental and life insurance of the City's employees and retirees.

Workers Comp – To account for the workers compensation insurance of the City.

Public Works Complex – To account for costs associated a public works complex.

Other Supplemental Schedules September 30, 2024

Fiduciary Funds – Pension Trust Funds

Police, Firefighter and General Employees' Pension Funds – These funds are used to account for the accumulation of resources to be used for retirement annuity payments at the appropriate amounts and times in the future. Resources are contributed by employees at a rate fixed by law and by the City and the State at amounts determined by an annual actuarial study.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor, City Council, and City Manager, City of Edgewater, Florida:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Edgewater, Florida, (the City) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 24, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an

objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' MANAGEMENT LETTER REQUIRED BY CHAPTER 10.550, RULES OF THE STATE OF FLORIDA OFFICE OF THE AUDITOR GENERAL

To the Honorable Mayor, City Council, and City Manager, City of Edgewater, Florida:

Report on the Financial Statements

We have audited the financial statements of City of Edgewater, Florida (the City), as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated March 24, 2025.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors' Report on Compliance for Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountants' Examination Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 24, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The official title and legal authority for the primary government are discussed in Note 1 to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

The following items have been provided to us to comply with state reporting requirements and have not been audited by us. We did not audit the following information within this section, nor were we required to perform any procedures to verify the accuracy or the completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on this data.

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the City did not have a property assessed clean energy (PACE) program that finances qualifying improvements authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, operated within its geographical boundaries during the fiscal year under audit.

As required by Section 10.554(1)(i)6.b. and Section 10.554(1)(i)6.c., Rules of the Auditor General, a full list of the full legal names and contact information of each program administrator and third-party administrator that administered the PACE program within the geographical area of the City are as follows:

- a. Fortifi Financial, Inc. info@fortifi.com (Florida PACE Funding Agency)
- b. Home Run Financing LLC info@homerunfinancing.com (Florida PACE Funding Agency)
- c. Bayview PACE info@bayviewpace.com (Florida PACE Funding Agency)
- d. Northbridge ESG info@NorthBridgeops.com (Florida PACE Funding Agency)
- e. Ygrene Florida Energy Fund, LLC customer.care@ygrene.com (Green Corridor PACE District)
- f. The Renew Financial Group, LLC info@renewfinancial.com (Florida Green Finance Authority)

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Special District Information - City of Edgewater Community Redevelopment Agency

The required reporting items in accordance with Section 218.39(3)(c), Florida Statutes for the City of Edgewater Community Redevelopment Agency (the CRA) have been reported in the separately-issued audited financial statements of the CRA.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Honorable Mayor, City Council, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

James Meore : 6., P.L.

INDEPENDENT ACCOUNTANTS' EXAMINATION REPORT

To the Honorable Mayor, City Council, and City Manager, City of Edgewater, Florida:

We have examined the City of Edgewater, Florida's (the City) compliance with Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2024. The City's management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination. Our responsibility is to obtain reasonable assurance by evaluating the City's compliance with those requirements and performing other procedures to obtain sufficient appropriate evidence to express an opinion that conveys the results of our evaluation based on our examination.

Our examination was conducted in accordance with the attestation standards for a direct examination engagement established by the AICPA. Those standards require that we obtain reasonable assurance by evaluating whether the City's compliance with Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2024, and performing other procedures to obtain sufficient appropriate evidence to express an opinion that conveys the results of evaluation of the City's compliance with Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2024. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks that the City was not in compliance with the Statute in all material respects, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the City of Edgewater, Florida, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our examination engagement.

In our opinion, the City of Edgewater, Florida complied with the aforementioned requirements for the year ended September 30, 2024, in all material respects.

James Meore : 6., P.L.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

To the Honorable Mayor, City Council, and City Manager City of Edgewater, Florida:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Edgewater, Florida's compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2024. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of the City's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

James Maore : 6., P.L.

CITY OF EGDEWATER, FLORIDA NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2024

(1) **Basis of Presentation:**

The accompanying Schedule of Expenditures of Federal Awards include federal award activity of City of Edgewater, Florida. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

(2) Summary of Significant Accounting Policies:

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Pass-through entity identifying numbers are presented where available.

No amounts were passed through to subrecipients during the fiscal year ended September 30, 2024.

(3) <u>De Minimis Indirect Cost Rate Election:</u>

City of Edgewater, Florida did not elect to use the 10% de minimis indirect cost rate as covered in §200.414, *Indirect (F&A) costs*, of the Uniform Guidance.

(4) **Deferred FEMA Expenditures:**

During the previous two fiscal years, the City incurred substantial costs related to Hurricane Ian and Hurricane Idalia. Per the OMB Compliance Supplement, any reimbursements from the Federal Emergency Management Agency (FEMA) under CFDA 97.036 are not to be recognized as expenditures for purposes of the Schedule of Expenditures of Federal Awards until the respective Project Worksheets (PW) have been approved.

At September 30, 2024, approximately \$2.2M of the federal amounts from the City of Edgewater, Florida's PWs from Hurricane Ian have been approved by FEMA and are recognized on the Schedule of Expenditures of Federal Awards for the year ended September 30, 2024. State match amounts have also been approved and recorded for financial statement purposes. There are approximately \$1,016,033 of expenditures for which no related revenues have been recorded for financial statement purposes and have not been included on the Schedule of Expenditures of Federal Awards; these expenditures will be recognized on the Schedule of Expenditures of Federal Awards in future years once approved by FEMA.

At September 30, 2024, \$40,298 of the federal amounts of the City of Edgewater, Florida's PWs from Hurricane Idalia had been approved by FEMA, and thus are recognized on the Schedule of Expenditures of Federal Awards for the year ended September 30, 2024. No additional PW amounts are outstanding related to this hurricane.
